

## November 6<sup>th</sup>

- 8:45 Registration
- 9:00 Welcome to the 7th International Biogas and Biomethane Arena Workshop  
*Prof. Frank Scholwin, Institute for Biogas, Waste Management and Energy, Germany*
- 9:20 Keynote: Possibilities for optimizing the carbon footprint in the energy-intensive pulp/paper industry  
*Mr. Nicola Rega, Climate Change & Energy Director, CEPI*
- 9:50 Biogas from the Swedish forest industry and its role in the bioeconomy  
*Ms. Helena Sjögren, Swedish Forest Industries Federation, Sweden*
- 10:10 BREAK
- 10:30 Sponsor Presentations from Veolia Biothane and Biokraft
- 10:50 EffiSludge: a model project for energy savings and sustainability in the pulp and paper industry  
*Dr. Francesco Ometto, Scandinavian Biogas Fuels AB, Sweden*
- 11:20 Case Study Norrköping  
*Prof. Mats Eklund, Biogas Research Centre, Sweden*
- 11:50 LUNCH BREAK
- 13:00 Speed-Dating
- 14:00 BREAK
- 14:10 Anaerobic wastewater treatment at Trebsen paper mill for biomethane production and use – a German case  
*Mr. Simon Detscher, CEO, revis bioenergy GmbH, Germany*
- 14:40 Valorization of industrial effluent through the recovery of energy as Biogas & Biomethane and recovery of water: cases applied for the Pulp and Paper industry  
*Mr. Erik Draber, Veolia Biothane, Netherlands*

- 15:10 COFFEE BREAK
- 15:30 Brainstorming session
- 17:00 Concluding Remarks
- 18:30 Dinner and Discussion  
Knäppingen – Spiseri & Bryggeri : a micro-brewery in the heart of Norrköping located in a 200 year old building!  
During the evening we will have the opportunity to discover the magic art of beer and taste delicious food.

## November 7<sup>th</sup>

- 8:30 Major reactor development for anaerobic treatment in the pulp and paper industry  
*Mr. Leo Habets, Paques, Netherlands*
- 9:00 Sustainable challenges for large Pulp and Paper Mills  
*Mr. Amund Saxrud, Norske Skog Skogn, Norway*
- 9:30 Primary Paper Sludge Hydrolysis by Live Cellolytic Microorganisms for Economically Feasible Biogas Production  
*Dr. Murat Balaban, Episome Biotechnologies, Turkey*
- 10:00 BREAK
- 10:15 Sustainability and innovation at Södra: the Durapulp for LIFE project  
*Ms. Julia Klein, Södra, Sweden*
- 10:35 Fiskeby Plant Introduction  
*Mr. Magnus Johanson, Fiskeby, Sweden*
- 11:00 Closing Remarks
- 11:30 LUNCH
- 12:30 Bus to Fiskeby plant and site visit
- 14:00 Bus from Fiskeby
